

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-401	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data on surgical methods and outcomes of MIS-TLIF.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Scholars who need further research to analyze the efficacy of MIS-TLIF surgery.
8	For what type of analysis or purpose?	Mainly used to analyze and evaluate the efficacy of MIS-TLIF in spinal surgery.
9	How or where can the data/documents be obtained?	E-mails could be sent to the address below to obtain the shared data: shaojian891124@126.com and 56001202@qq.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
