

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-21-5490	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The approach to evaluate the inhibitory effect of four teas in particular will be shared, and we also found the potential influences of four teas on drug metabolism.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The approach using HPLC-MS/MS and a probe cocktail will also be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One year within the publication date.
7	To whom will you share the data?	Colleagues or researchers who are interested in studies of drug-tea interaction.
8	For what type of analysis or purpose?	For analysis to evaluate the safety of drug-tea interaction.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: linchuanliao@scu.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
