

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-1730">https://dx.doi.org/10.21037/atm-22-1730</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The general/clinical data between group A (with C5 palsy) and group B (without C5 palsy), such as age, gender, OPLL type and K-line.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The statistical analysis plan, clinical study report will be also shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the operative technique may be updated over time.
7	To whom will you share the data?	Spine surgeons who are interested in studies of degenerative spinal disorders.
8	For what type of analysis or purpose?	For analysis to evaluate the new techniques for preventing the C5 palsy in C-OPLL patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: nathan0216@126.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
