

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-470	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The granzyme B levels for each patient in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Informed consent form and clinical parameter for each patient will be shared if requested.
5	When will data availability begin?	From the publication data.
6	When will data availability end?	One year within the publication date.
7	To whom will you share the data?	Researchers who are interested in immunosensor development associated with granzyme B detection.
8	For what type of analysis or purpose?	For analysis to evaluate the diagnostic role of granzyme B in lung cancer patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: jhchung7942@gmail.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
