

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-2507	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No.
2	If not, would you like to share the reason for your decision?	Because this is part of the previous experimental results, but we will continue to conduct in-depth research in the future, so the current raw data cannot be shared for the time being.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	We can share details about the experimental approach.
5	When will data availability begin?	When the article is online.
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Biomedical workers interested in pulmonary fibrosis.
8	For what type of analysis or purpose?	To study the mechanism of pulmonary fibrosis.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below: huangpu0825@126.com .
10	Any other restrictions?	No.
