

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/atm-22-2497">https://dx.doi.org/10.21037/atm-22-2497</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data from model measurements using different methods will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	If required, the 3D data of the measurement models involved in the study can be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Orthodontists interested in model measurement and digital techniques.
8	For what type of analysis or purpose?	For evaluating the accuracy of model measurements and related applications.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: maooozhi@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
