

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-2517	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The data with the format of mean \pm standard deviation will be shared, since other data may involve patient privacy and may not meet ethical standards.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Relevant scientific researchers who are interested in our study.
8	For what type of analysis or purpose?	For analysis and evaluate the efficacy of LT in patients with post-HSCT BO.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: jialongliang76@163.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
