

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-2655	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Western blot results and immunostaining images will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Methods of statistical analysis and the establishment of diabetic retinal models will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	We would like to share it with the ophthalmologists who are interested in the molecular mechanisms of diabetic retinopathy
8	For what type of analysis or purpose?	They can be used to further study the molecular mechanisms of diabetic retinopathy.
9	How or where can the data/documents be obtained?	E-mails could be sent to the address below to obtain the shared data: suyunyi1998@sina.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
