

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/atm-22-2790	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The survival data in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	With the consent of the ethics committee and researchers, we are willing to share the research scheme, statistical analysis scheme and analysis code.
5	When will data availability begin?	The data can be shared after the fifth year of follow-up.
6	When will data availability end?	The data sharing can be ended after the tenth year of follow-up.
7	To whom will you share the data?	Surgeons and oncologists interested in comprehensive treatment of colorectal cancer.
8	For what type of analysis or purpose?	For meta-analysis.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: zhoujiam@mail.sysu.edu.cn
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared
