Erratum to: Ann Transl Med 2020;8:380

In the article (1) entitled “The genetic association between type 2 diabetic and hepatocellular carcinomas” (Ann Transl Med 2020;8:380, doi: 10.21037/atm.2020.02.13), a mistake was made in Figure 6 due to misplaced pictures of Figure 6B, 6C and 6H. For correction, Figure 6B, 6C and 6H were replaced with corresponding correct images generated by the GEPIA platform (<http://gepia.cancer-pku.cn/>). The authors confirmed this mistake did not affect either the results or the conclusions of the paper.

The correct version of Figure 6 is shown below:

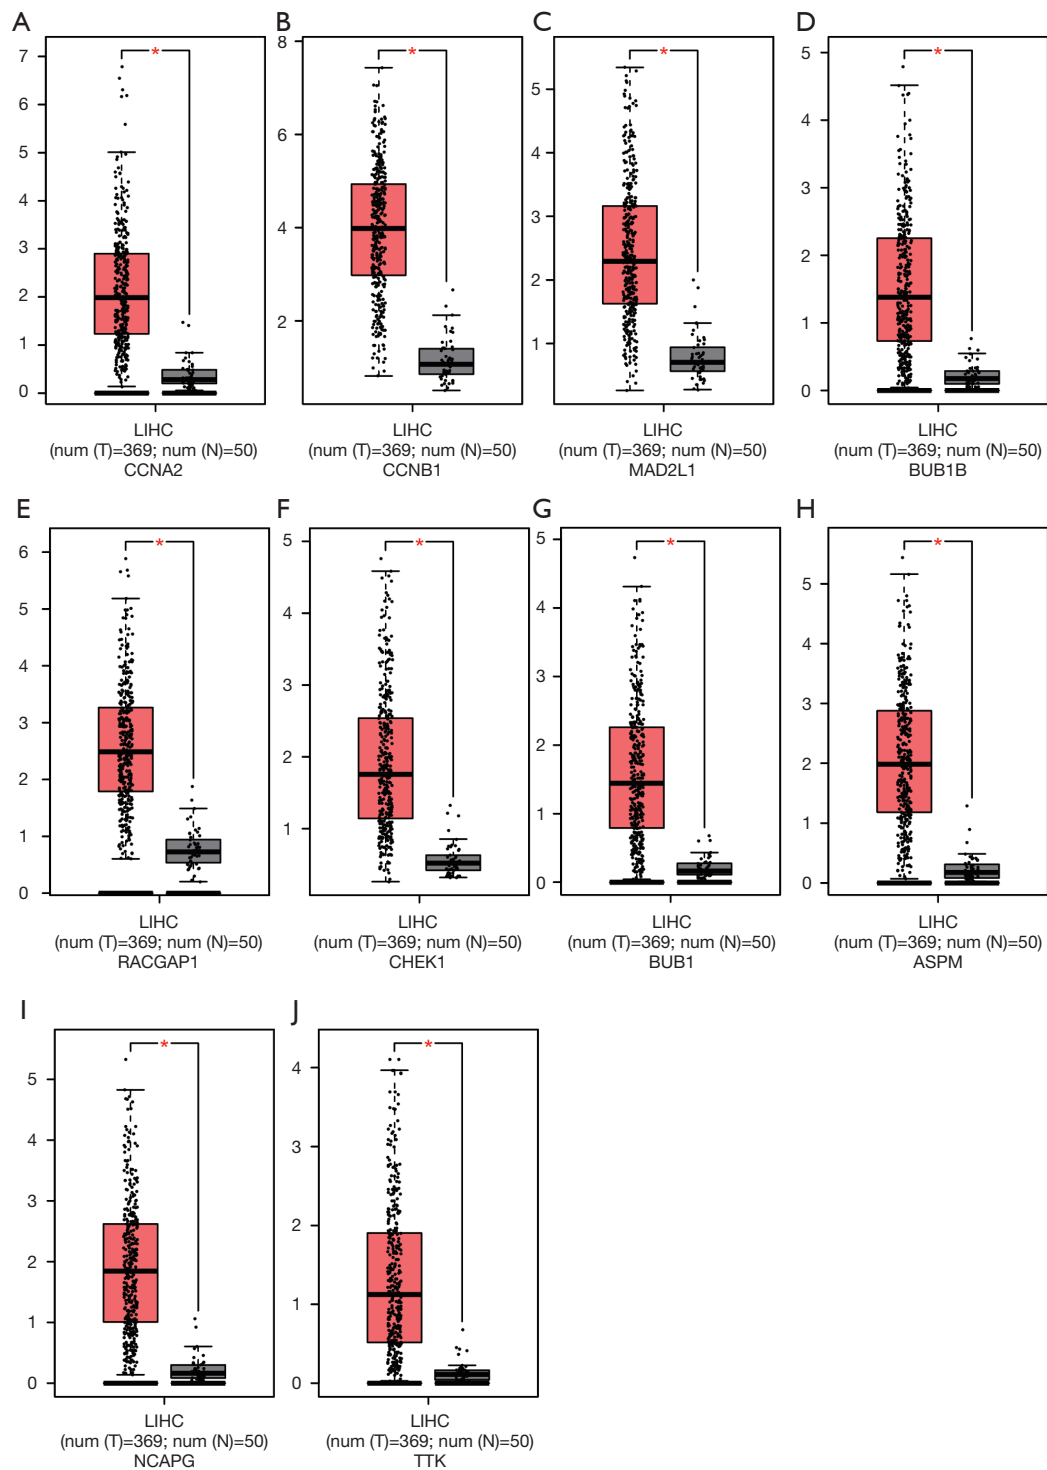

Figure 6 mRNA expression of hub genes. mRNA expression of hub genes in HCC tissue (red; n=369) and normal tissues (black; n=50). (A) *CCNA2*; (B) *CCNB1*; (C) *MAD2L1*; (D) *BUB1B*; (E) *RACGAP1*; (F) *CHEK1*; (G) *BUB1*; (H) *ASPM*; (I) *NCAPG*; (J) *TTK*. * represents P value < 0.05.
