

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/mhealth-22-26">https://dx.doi.org/10.21037/mhealth-22-26</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Data will be made available upon reasonable request provided to the corresponding author
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The raw data that could be shared includes data on costs and outcomes of the trial. Data from the study will be made available upon reasonable request provided to the corresponding author.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol has been published and outlined in the manuscript, this includes the statistical analysis. Informed consent form and other study items may be requested from the corresponding author.
5	When will data availability begin?	Upon publication of the manuscript.
6	When will data availability end?	Ongoing.
7	To whom will you share the data?	We have no intention to share the data but will be amendable to researchers who provide a rationale and a reasonable request. Data will be made available upon reasonable request provided to the corresponding author.
8	For what type of analysis or purpose?	Research
9	How or where can the data/documents be obtained?	Data will be made available upon reasonable request provided to the corresponding author
10	Any other restrictions?	-
