

ICMJE DISCLOSURE FORM – First author

Date: 10 November, 2022

Your Name: Karen Waller

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the current manuscript only.

The author’s relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	Integration of the DTEXT program: text messages on lifestyle risk factor modification and diabetes self-management for people with type 2 diabetes, into the NSW Get Healthy Information and Coaching Service. Translational Research Grants Scheme (NSW Ministry of Health) 2016. Investigators: Furber S, Bauman A, Colagiuri S, Allman-Farinelli M, Hayes A, Moses R, Webb A, Van Den Dolder P, Facci F,	Payment was made to the Illawarra Shoalhaven Local Health District.

		Franco L, Waller K (\$565,225).	
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	___ None	
3	Royalties or licenses	___ None	
4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13		___ None	

Other financial or non-financial interests		

Please summarize the above conflict of interest in the following box:

The author reports that this study was supported by NSW Ministry of Health Translational Research Grants Scheme 2016.

Please place an "X" next to the following statement to indicate your agreement:

X I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – Second author

Date: 7/11/2022

Your Name: Anagha Killedar

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the **current manuscript only**.

The author’s relationships/activities/interests should be **defined broadly**. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	NSW Ministry of Health Translational Research Grant Scheme	Salary was funded through NSW Ministry of Health Translational Research Grant Scheme, Round 1 (2016), Project ID:23.
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	Australian National Health and Medical Research Council	Postgraduate research stipend (APP1169039) and salary funding (APP1101675) for research projects unrelated to this project.
3	Royalties or licenses	None	

4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13	Other financial or non-financial interests	___ None	

Please summarize the above conflict of interest in the following box:

The author reports that this study was supported by NSW Ministry of Health Translational Research Grants Scheme 2016.

The author declares funding sources for this work and salary/stipends unrelated to this work during the period of the study and last 36 months. No conflict of interest would have arisen from these government funding sources.

The author received a postgraduate research stipend (APP1169039) and salary funding (APP1101675) for research projects unrelated to this project from the Australian National Health and Medical Research Council.

Please place an "X" next to the following statement to indicate your agreement:

X I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – Third author

Date: 10 November, 2022

Your Name: Professor Susan Furber

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the current manuscript only.

The author’s relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	Integration of the DTEXT program: text messages on lifestyle risk factor modification and diabetes self-management for people with type 2 diabetes, into the NSW Get Healthy Information and Coaching Service. Translational Research Grants Scheme (NSW Ministry of Health) 2016. Investigators: Furber S, Bauman A, Colagiuri S, Allman-Farinelli M, Hayes A, Moses R, Webb A, Van Den Dolder P, Facci F,	Payment was made to the Illawarra Shoalhaven Local Health District.

		Franco L, Waller K (\$565,225).	
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	___ None	
3	Royalties or licenses	___ None	
4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13		___ None	

Other financial or non-financial interests		

Please summarize the above conflict of interest in the following box:

The author reports that this study was supported by NSW Ministry of Health Translational Research Grants Scheme 2016.

Please place an "X" next to the following statement to indicate your agreement:

X I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – Fourth author

Date: 7/11/2022

Your Name: Eng Joo Tan

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the **current manuscript only**.

The author’s relationships/activities/interests should be **defined broadly**. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	NSW Ministry of Health Translational Research Grant Scheme	Salary was funded through NSW Ministry of Health Translational Research Grant Scheme, Round 1 (2016), Project ID:23.
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	None	None
3	Royalties or licenses	None	

4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13	Other financial or non-financial interests	___ None	

Please summarize the above conflict of interest in the following box:

I declare funding sources for this work and salary/stipends unrelated to this work during the period of the study and last 36 months. No conflict of interest would have arisen from these government funding sources.

The author reports that this study was supported by NSW Ministry of Health Translational Research Grants Scheme 2016.

Please place an "X" next to the following statement to indicate your agreement:

I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – fifth author

Date: 7/11/2022

Your Name: Alice Gibson

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the **current manuscript only**.

The author’s relationships/activities/interests should be **defined broadly**. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	<u>None</u>	
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	Australian National Health and Medical Research Council	Salary was funded by an Emerging Leader 1 Investigator Grant (AAP1173784)
3	Royalties or licenses	<u>None</u>	

4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13	Other financial or non-financial interests	___ None	

Please summarize the above conflict of interest in the following box:

The author declares funding sources for this work and salary/stipends unrelated to this work during the period of the study and last 36 months. No conflict of interest would have arisen from these government funding sources.

The author received salary support through an Emerging Leader 1 Investigator Grant (AAP1173784) from the Australian National Health and Medical Research Council and chose to spend her work time on this study.

Please place an "X" next to the following statement to indicate your agreement:

I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – sixth author

Date: 10 November, 2022
Your Name: Emeritus Professor Adrian Bauman
Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes
Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the current manuscript only.

The author’s relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	Integration of the DTEXT program: text messages on lifestyle risk factor modification and diabetes self-management for people with type 2 diabetes, into the NSW Get Healthy Information and Coaching Service. Translational Research Grants Scheme (NSW Ministry of Health) 2016. Investigators: Furber S, Bauman A, Colagiuri S, Allman-Farinelli M, Hayes A, Moses R, Webb A, Van Den Dolder P, Facci F, Franco L, Waller K (\$565,225).	Research funding was made to the regional (Illawarra Shoalhaven Local) Health District.
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	None	
3	Royalties or licenses	None	
4	Consulting fees	None	

5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	___ None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	___ None	
11	Stock or stock options	___ None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	___ None	
13	Other financial or non-financial interests	___ None	

Please summarize the above conflict of interest in the following box:

The author reports that this study was supported by NSW Ministry of Health Translational Research Grants Scheme 2016.

Please place an "X" next to the following statement to indicate your agreement:

X I certify that I have answered every question and have not altered the wording of any of the questions on this form.

ICMJE DISCLOSURE FORM – seventh author

Date: 10 November, 2022

Your Name: Alison Hayes

Manuscript Title: Economic evaluation of a mobile phone text-message intervention (DTEXT) for Australian adults with type 2 diabetes

Manuscript number (if known): mHealth-22-26

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the current manuscript only.

The author’s relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	Integration of the DTEXT program: text messages on lifestyle risk factor modification and diabetes self-management for people with type 2 diabetes, into the NSW Get Healthy Information and Coaching Service. Translational Research Grants Scheme (NSW Ministry of Health) 2016. Investigators: Furber S, Bauman A, Colagiuri S, Allman-Farinelli M, Hayes A, Moses R, Webb A, Van Den Dolder P, Facci F,	Payment was made to the Illawarra Shoalhaven Local Health District.

		Franco L, Waller K (\$565,225).	
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	___ None	
3	Royalties or licenses	___ None	
4	Consulting fees	___ None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	___ None	
6	Payment for expert testimony	___ None	
7	Support for attending meetings and/or travel	___ None	
8	Patents planned, issued or pending	___ None
