

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/mhealth-22-38	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	N/A
3	What data in particular will be shared?	De-identified survey data
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol and informed consent form may be shared upon request.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Unknown at this time
7	To whom will you share the data?	Researchers interested in viewing and/or analyzing the study data.
8	For what type of analysis or purpose?	For analysis of relationships between variables.
9	How or where can the data/documents be obtained?	Emails may be directed to the following address to obtain the shared data: Brittany.gluskin@childrens.harvard.edu
10	Any other restrictions?	We may discuss the potential risks and benefits for each request amongst the research team and then provide the data that we consider acceptable to be shared. In some instances, we may choose not to share the study data.
