<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	-
2	If not, would you like to share the reason for your decision?	The data used was not part of a large data bank and would have minimal value to others
3	What data in particular will be shared?	-
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Our protocol is laid out relatively specifically in the methods section of our manuscript. We believe that this would be sufficient for others to repeat our study.
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
