

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/cdt-20-746	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The RNA extraction.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Medical oncologists and Cardiology surgeons who are interested in this study.
8	For what type of analysis or purpose?	To analyze the differential expression profiles of lncRNA in Keshan disease and to explore the molecular mechanism of the disease occurrence and development.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data:guangyongh@163.com
10	Any other restrictions?	None
