

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jovs-22-2">https://dx.doi.org/10.21037/jovs-22-2</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Preoperative patient characteristics, operative and early postoperative data (e.g. surgery reports, ICU reports, investigations data e.t.c.)
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date, since the reports or investigations data may be archived over time.
7	To whom will you share the data?	Cardiac surgeons and cardiologists who are interested in providing the TCRAT technique.
8	For what type of analysis or purpose?	For analysis to evaluate the safety, efficiency and reproducibility of TCRAT in patients with multivessel CAD.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: vladimirsurgeon@gmail.com olexba@gmail.com
10	Any other restrictions?	We will review each request. The decision to provide results and the amount of the data that could be shared will be chosen by us based on the quality of the requests.
