

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tau-22-215	
em	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	No.
2	If not, would you like to share the reason for your decision?	LGPD – Lei Geral de Proteção de Dados, a national law in Brazil form 2021 prohibits. This is a new law and to this day it is still unsure how this works exactly with research unidentified data, so while our Supreme Court does not decides on this topic we would rather not share the data. We can share it with anonymous data to proof the results if requested, however, but we would rather not share with other doctors.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No.
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	-
10	Any other restrictions?	-
