Comprehensive characterization of the perioperative morbidity of cytoreductive nephrectomy

In the article that appeared on Page 393–395, Vol 5, No 3 (June 2016) Issue of the *Translational Andrology and Urology* (1), the commented paper was incorrectly listed as “Culp SH. Cytoreductive nephrectomy and its role in the present-day period of targeted therapy. *Ther Adv Urol* 2015;7:275-85” in the published footnote, and on page 394 of the article PDF currently online. The correct paper should have been shown as Gershman B, Moreira DM, Boorjian SA, *et al.* Comprehensive Characterization of the Perioperative Morbidity of Cytoreductive Nephrectomy. *Eur Urol* 2016;69:84-91.

The publisher regrets the error.
