

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tau-23-76	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The de-identified demographic and clinical data and their association with pursuing mTESE for NOA.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The statistical analysis plan, and analytical code will be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Four years from the publication date, since the financial costs of mTESE may drastically change with evolving legislation and insurance reimbursement.
7	To whom will you share the data?	Reproductive and general urologists.
8	For what type of analysis or purpose?	To identify and to understand why patients pursue or do not pursue mTESE for NOA.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: daniel.greenberg1@northwestern.edu.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
