

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tau-21-508	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	A de-identified copy of the data, or sub-sets thereof, used for the analysis may be shared upon reasonable request.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Up to seven years post-publication.
7	To whom will you share the data?	We anticipate that data may be requested by urological surgeons, radiation oncologists or those from an equivalent medical discipline.
8	For what type of analysis or purpose?	Comparative analysis for other centers adopting focal LDR brachytherapy.
9	How or where can the data/documents be obtained?	Data will be shared upon reasonable request, via email, to the corresponding author.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
