

ICMJE DISCLOSURE FORM

Date: Mar. 1th, 2024

Your Name: Huixin Jia

Manuscript Title: Application of Convolutional Neural Networks in Medical Images: A Bibliometric Analysis

Manuscript number (if known): QIMS-23-1600

In the interest of transparency, we ask you to disclose all relationships/activities/interests listed below that are related to the content of your manuscript. “Related” means any relation with for-profit or not-for-profit third parties whose interests may be affected by the content of the manuscript. Disclosure represents a commitment to transparency and does not necessarily indicate a bias. If you are in doubt about whether to list a relationship/activity/interest, it is preferable that you do so.

The following questions apply to the author’s relationships/activities/interests as they relate to the current manuscript only.

The author’s relationships/activities/interests should be defined broadly. For example, if your manuscript pertains to the epidemiology of hypertension, you should declare all relationships with manufacturers of antihypertensive medication, even if that medication is not mentioned in the manuscript.

In item #1 below, report all support for the work reported in this manuscript without time limit. For all other items, the time frame for disclosure is the past 36 months.

		Name all entities with whom you have this relationship or indicate none (add rows as needed)	Specifications/Comments (e.g., if payments were made to you or to your institution)
Time frame: Since the initial planning of the work			
1	All support for the present manuscript (e.g., funding, provision of study materials, medical writing, article processing charges, etc.) No time limit for this item.	National Natural Science Foundation of China (No. 61972235)	
		Natural Science Foundation of Shandong Province (No. ZR2018MA004)	
		Immersion Technology and Evaluation Shandong Engineering Research Center (2022)	
		Immersive Smart Devices for Health Care System R&D and Industrial Application Innovation Platform (2022)	
		Develop a device for detecting trace	

		pathogenic microorganisms in environmental water samples based on plasma surface resonance technology (2023)	
		Modelling of disease knowledge map and intelligence information based on bibliomics (2023)	
Time frame: past 36 months			
2	Grants or contracts from any entity (if not indicated in item #1 above).	<input checked="" type="checkbox"/> None	
3	Royalties or licenses	<input checked="" type="checkbox"/> None	
4	Consulting fees	<input checked="" type="checkbox"/> None	
5	Payment or honoraria for lectures, presentations, speakers bureaus, manuscript writing or educational events	<input checked="" type="checkbox"/> None	
6	Payment for expert testimony	<input checked="" type="checkbox"/> None	
7	Support for attending meetings and/or travel	<input checked="" type="checkbox"/> None	
8	Patents planned, issued or pending	<input checked="" type="checkbox"/> None	
9	Participation on a Data Safety Monitoring Board or Advisory Board	<input checked="" type="checkbox"/> None	
10	Leadership or fiduciary role in other board, society, committee or advocacy group, paid or unpaid	<input checked="" type="checkbox"/> None	
11	Stock or stock options	<input checked="" type="checkbox"/> None	
12	Receipt of equipment, materials, drugs, medical writing, gifts or other services	<input checked="" type="checkbox"/> None	
13	Other financial or non-financial interests	<input checked="" type="checkbox"/> None	

Please summarize the above conflict of interest in the following box:

This work was supported by the National Natural Science Foundation of China (No. 61972235), the Natural Science Foundation of Shandong Province (No. ZR2018MA004), Immersion Technology and Evaluation Shandong Engineering Research Center (2022), Immersive Smart Devices for Health Care System R&D and Industrial Application Innovation Platform (2022), a device for detecting trace pathogenic microorganisms in environmental water samples based on plasma surface resonance technology (2023) and Modelling of disease knowledge map and intelligence information based on bibliomics (2023).

I certify that I have answered every question and have not altered the wording of any of the questions on this form.
