

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tp-22-113	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data of influencing factors analysis of parental knowledge, which has seldom been provided in previous studies.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival data may be updated over time.
7	To whom will you share the data?	Developmental behavioral pediatricians and those engaged in the diagnosis and treatment of ASD.
8	For what type of analysis or purpose?	For exploring the status of parents' knowledge, attitude and behavior toward ASD, and potential factors affecting the acquisition of correct knowledge.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: Wangfang6056@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
