

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/tp-22-360">https://dx.doi.org/10.21037/tp-22-360</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response</b> (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	The data generated and analysed in this study will be made available upon reasonable request to the authors.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Anonymised data on demographic, clinical and laboratory variables analysed in this study will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No additional documents will be shared.
5	When will data availability begin?	Data availability will begin immediately after publication of the article.
6	When will data availability end?	Data availability will end 5 years after the study publication.
7	To whom will you share the data?	Data will be shared with other researchers, pediatricians or pediatric surgeons, who show a justifiable reason for doing so.
8	For what type of analysis or purpose?	Data will be shared for multicentre studies.
9	How or where can the data/documents be obtained?	Data will be sent directly to the authors upon reasonable request and justification of the reasons

		for the request. Emails could be sent to the address below to obtain the shared data: carlosdelgado84@hotmail.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
