

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tp-22-512	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The genetic analysis data
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The analyzed data are included as supplementary files. The sequence data are deposited to European Genome-Phenome Archive under the accession no. EGAS00001005470 (https://ega-archive.org/studies/EGAS00001005470).
5	When will data availability begin?	From the publication date of the study.
6	When will data availability end?	Probably two years after the publication date.
7	To whom will you share the data?	Those interested in the field. Other pediatric oncologists, particularly Iraqi doctors.
8	For what type of analysis or purpose?	To encourage starting genetic analysis in Iraq.
9	How or where can the data/documents be obtained?	Emails could be sent to the following address to obtain the shared data: alkzayerlikaa@yahoo.co.uk

10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
