

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/tp-22-216">https://dx.doi.org/10.21037/tp-22-216</a> .	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	N/A
3	What data in particular will be shared?	Perioperative parameters and surgical outcomes for all pediatric patients who underwent an intercostal or subxiphoid uniportal VATS surgery in our department in 2 years retrospectively reviewed
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan & clinical study report
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Thoracic surgeons, pediatricians, interested readers and researchers
8	For what type of analysis or purpose?	For sharing experience and assessing the safety and feasibility of uniportal VATS in pediatrics
9	How or where can the data/documents be obtained?	Within the manuscript itself, Emails could be sent to the address below to obtain the shared data: <a href="mailto:firasabuakar@gmail.com">firasabuakar@gmail.com</a>
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
