

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/tp-23-215	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Data on demographics, clinical presentation, etiology, BP measurements, antihypertensive medications, computed tomography images, and ultrasound and diethylenetriaminepentaacetic acid (DTPA).
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, and clinical study report will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Five years within the publication date, since the follow-up for the patients is continuing and patency and BP measurement data may be updated over time.
7	To whom will you share the data?	Pediatricians and vascular surgeons involved in renovascular hypertension study.
8	For what type of analysis or purpose?	Review or meta-analysis.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: yxzpk@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared
