This article (1) title “Patterns of lung fibrosis in patients with interstitial pneumonia with autoimmune features and connective tissue diseases-associated interstitial lung disease—a narrative review” (doi: [10.21037/apm-21-3974](https://doi.org/10.21037/apm-21-3974)) that appeared on Page: 2110-2130, Vol 11, No 6 (June 2022) Issue of the *Annals of Palliative Medicine (APM)*, unfortunately contained some mistakes on page 2114 in Figure 1. Namely, “NSIP in course of SSc-ILD. NSIP, nonspecific interstitial pneumonia; SSc-ILD, systemic sclerosis-associated interstitial lung disease” should be “LIP in the course of SjS-ILD. LIP, lymphocytic interstitial pneumonia, Sjs-ILD, Sjögren’s disease-associated interstitial lung disease”.

Another mistake is on page 2114 in Figure 2. Namely, “OP/NSIP nonspecific interstitial pneumonia overlap in course of SSc-ILD. OP, organizing pneumonia; NSIP, nonspecific interstitial pneumonia; SSc-ILD, systemic sclerosis-associated interstitial lung disease” should be “NSIP in course of Ssc-ILD. NSIP, non-specific interstitial pneumonia; SS-ILD, systemic sclerosis-associated interstitial lung disease”.

The third mistake is on page 2118 in Figure 3. Namely, “LIP in course of SS-ILD. LIP, lymphocytic interstitial pneumonia; SS-ILD, interstitial lung disease in course of Sjögren’s syndrome” should be “OP/NSIP overlap in course of Ssc-ILD. OP, organizing pneumonia; NSIP, nonspecific interstitial pneumonia; SSc-ILD, systemic sclerosis-associated interstitial lung disease”.
