

Data Sharing Statement

| | | |
|---------------------|---|---|
| Article Info | https://dx.doi.org/10.21037/apm-22-858 | |
| Item | Question | Authors' Response (place “-” if not applicable) |
| 1 | Would you like to share data collected for your study to others? | Yes |
| 2 | If not, would you like to share the reason for your decision? | - |
| 3 | What data in particular will be shared? | The de-identified data that support the findings of this study which was collected by the authors from patients' electronic medical records. |
| 4 | Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code. | No other documents will be shared. |
| 5 | When will data availability begin? | From the publication date. |
| 6 | When will data availability end? | Two years after the publication date or until the closure of the IRB application. |
| 7 | To whom will you share the data? | Any researcher conducting studies on COVID-19. |
| 8 | For what type of analysis or purpose? | For analysis to predict outcomes in hospitalized COVID-19 patients. |
| 9 | How or where can the data/documents be obtained? | Emails could be sent to the address below to obtain the shared data: plohia@med.wayne.edu . |
| 10 | Any other restrictions? | We may balance the potential benefits and risks for each request and then provide the data that could be shared. It might also need appropriate permission from the institutional IRB and might require the completion of a data sharing agreement. |
