

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/apm-22-974	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	We are willing to share all data requested, however, we need to discuss sharing with the local Ethical committee and follow their recommendations. A raw-data file is already available on a public website.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical SPSS syntax, informed consent form, study protocol will be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date.
7	To whom will you share the data?	Data will be shared upon request. However, an ethical review will be performed before sharing data.
8	For what type of analysis or purpose?	We are open for all suggestions.
9	How or where can the data/documents be obtained?	E-mail corresponding author (Camilla.nilsberth@liu.se)
10	Any other restrictions?	We are following the decision from the ethical committee, before sharing data we need to consult the committee, a new ethical application may be needed to get access to data.
