

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/apm-22-1296">https://dx.doi.org/10.21037/apm-22-1296</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	This will be done on a case-by-case basis and is subject to approval of the local office for research which provided ethical approval to conduct the study.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	This is subject to approval of the local office for research which provided ethical approval to conduct the study.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol and statistical analyses may be shared subject to approval of the local office for research which provided ethical approval to conduct the study.
5	When will data availability begin?	Data may be requested from the date of publication.
6	When will data availability end?	One year after the date of publication
7	To whom will you share the data?	Data may be shared with those who have performed similar studies seeking to combine data to further this area of research.
8	For what type of analysis or purpose?	As above.
9	How or where can the data/documents be obtained?	These can be obtained through contacting the corresponding author (aaron.wong@petermac.org).
10	Any other restrictions?	Data sharing will be assessed on a case-by-case basis balancing potential risks and benefits of each request.
