

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/apm-23-537	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The medication data may be provided in specific opioids and central nervous system depressant medications utilized in patients that were included in the study.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	No additional documents to be shared.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Indefinitely; understanding that new evidence may emerge and the data from this study may be outdated.
7	To whom will you share the data?	Clinicians in the pain and palliative care setting.
8	For what type of analysis or purpose?	For clinicians prescribing central nervous system agents in a hospice patient population and patients with end-stage liver disease.
9	How or where can the data/documents be obtained?	Email could be sent to the address: cindy.nguyen@medstar.net
10	Any other restrictions?	We plan to consider the benefits and risks for each request of data and provide as appropriate.
