Every year, we recognize the most outstanding reviewers of *Annals of Palliative Medicine*. Peer review is critical to academic journals and the primary means of evaluating the integrity and quality of submitted manuscripts (1).

Reviewers for *Annals of Palliative Medicine* include leading experts in their palliative medicine fields across multidisciplinary aspects of oncology, psychology, surgery, nursing, public health, education, nutrition, sociology, ethics, and policy (2). We are honored to take the time to

acknowledge all of those who have served in the peer review process for the *Annals of Palliative Medicine*. These reviewers have enhanced the quality of the articles ultimately accepted for publication, thus ensuring that readers and palliative care clinicians can learn from some of the top articles in our field.

Below is the list of the top 10 *Annals of Palliative Medicine* reviewers for 2023 (*Table 1*). Each of these reviewers completed multiple peer review assignments and provided

Table 1 Top reviewers for *Annals of Palliative Medicine* in 2023
