

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apm-20-625	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	
3	What data in particular will be shared?	The results of Experimental vascular Protective Shield and wound healing
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, informed consent form, will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	Orthopaedic and surgical researchers who are interested in studies of wound repair
8	For what type of analysis or purpose?	explore the ability of an experimental vascular protective shield combined with VSD to protect exposed vessels of lower limbs and accelerate wound repair.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: dwbbdm@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
