

Data Sharing Statement		
Article information	http://dx.doi.org/10.21037/apm-20-632	
Section	Question	Authors' Response (place "-" if not applicable)
Data collected for your study	Will the data collected for your study be made available to others?	Possibly
	If not, would you like to share the reason for your decision?	Access restrictions apply to the data underlying the findings presented in this paper, as agreed by the relevant IRB/Research Ethics Committee. The authors are also unable to make the data publicly available because of the terms of data sharing included in the consent process for this study. However, access will be considered on a case-by-case basis upon request to the corresponding author. Access to the underlying data will be granted upon request from a researcher for the purposes of further research providing the requesting researcher is in possession of a protocol that has been approved by an ethics committee and which satisfies the guarantees of anonymity originally given to the research participants.
	What data in particular will be shared?	Interview transcripts
	Any additional information about data?	N/A
	How or where can the data be obtained?	See above.
	When will data availability begin?	N/A
	When will data availability end?	N/A
	Will any supporting documents be available?	No
	Which supporting documents?	-

Supporting documents	Any additional information about supporting documents?	-
	How or where can supporting documents be obtained?	-
	When will supporting documents availability begin?	-
	When will supporting documents availability end?	-
Restrictions	To whom will data be available?	-
	For what type of analysis or purpose?	-
	By what mechanism?	-
	Any other restrictions?	-
