

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-20-1371">http://dx.doi.org/10.21037/apm-20-1371</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	In particular, the data of the acute blood pressure test and the chronic blood pressure test can be shared, because such data can directly reflect the efficacy of the drug.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan, study protocol, and ethics review sheet will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	One years within the publication date, since the technique or survival date may be updated over time.
7	To whom will you share the data?	TCM doctors and pharmacology researchers who are interested in studies of hypertension study.
8	For what type of analysis or purpose?	For analysis to evaluate target and pathway of Chinese traditional medicine in reducing blood pressure.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: <a href="mailto:lzr20182024@126.com">lzr20182024@126.com</a>
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
