

Data Sharing Statement		
Article Info	http://dx.doi.org/10.21037/apm-20-1421	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The clinical data before and during quarantine in particular will be shared, such as the pre-dialysis BP, inter-dialytic weight gain, and laboratory tests.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan, and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Three years within the publication date.
7	To whom will you share the data?	All medical staff who are interested in this study, especially nephrologists specializing in hemodialysis.
8	For what type of analysis or purpose?	For analysis on blood pressure control in hemodialysis patients.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: rmyywangy@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
