

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-20-1582">http://dx.doi.org/10.21037/apm-20-1582</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	YES
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The incidence of depression in Chinese university students will be shared, and we also found a correlation between self-compassion and the perfectionism-depression link of Chinese university students, which has seldom been provided in previous studies
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and questionnaires will also be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date, since the mental health interventions may be updated over time.
7	To whom will you share the data?	Psychological researchers who are interested in mental health education of university students.
8	For what type of analysis or purpose?	For analysis to evaluate the effect of self-compassion in the perfectionism-depression link of Chinese university students.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: <a href="mailto:lanl17@163.com">lanl17@163.com</a>
10	Any other restrictions?	None.
