

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-21-792">http://dx.doi.org/10.21037/apm-21-792</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place “-” if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	All of the original data, the multivariate analysis and ROC curve in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	The study protocol, statistical analysis plan, informed consent form and clinical study report will be shared under request if necessary.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Two years within the publication date
7	To whom will you share the data?	Doctors or researchers who are interested in the field of electrolyte disturbance, sepsis and acute kidney injury (AKI)
8	For what type of analysis or purpose?	For the analysis of the relationship between hyponatremia and outcomes of patients with AKI
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: meiliduanq1@163.com
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
