

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apm-21-380	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes, only anonymized data on request
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Aggregated data, to discuss on request
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From publication date.
6	When will data availability end?	Two years after publication date.
7	To whom will you share the data?	Palliative care providers, emergency physicians
8	For what type of analysis or purpose?	For analysis of validity and reliability of CODE-EM in ED patients requiring end-of-life care in different settings.
9	How or where can the data/documents be obtained?	Email to corresponding author: mui_teng_chua@nuhs.edu.sg
10	Any other restrictions?	We will balance the potential benefits and risks for each request, including data confidentiality issues before providing the data that could be shared.
