

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apm-21-957	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	Liver biopsy and hematological data of included patients without personal information
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol and statistical analysis plan will also be shared if requested.
5	When will data availability begin?	From the publication date
6	When will data availability end?	Six months within the publication date
7	To whom will you share the data?	Clinical doctors and researchers who are interested in noninvasive diagnosis of liver fibrosis
8	For what type of analysis or purpose?	For validation of other predictive models of liver fibrosis
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: huangqy2020@sina.com.
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
