

## Data Sharing Statement

<b>Article Info</b>	<a href="http://dx.doi.org/10.21037/apm-20-2548">http://dx.doi.org/10.21037/apm-20-2548</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response ( place "-" if not applicable )</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	In particular, different possible predictors of psychological distress will be shared. We also find the correlation between physical activities and mental state of frontline medical staff, which was rarely provided in previous studies.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Data will always be available.
7	To whom will you share the data?	Researchers interested in the mental health status of healthcare workers.
8	For what type of analysis or purpose?	For analysis to assess the prevalence and possible predictors of psychological distress in front-line, anti-epidemic medical staff.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: li_bo@jlu.edu.cn.

10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
