

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/apm-21-1428">https://dx.doi.org/10.21037/apm-21-1428</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The incidence of hypoxemia, the risk factors and the outcome data in acute type A aortic dissection in particular will be shared.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Study protocol, statistical analysis plan and informed consent form will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Five years within the publication date.
7	To whom will you share the data?	Cardiothoracic surgeons and physicians who are interested in studies of acute type A aortic dissection.
8	For what type of analysis or purpose?	For analysis to investigate the risk factors of hypoxemia in acute type A aortic dissection.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: sonysang999@vip.163.com
10	Any other restrictions?	We may balance the potential benefits and risk for each request and then provide the data that could be shared.
