Erratum to: Ann Palliat Med 2021;10:9640-9

This article (1) that appeared on Page: 9640-9649, Vol 10, No 9 Issue of the *Annals of Palliative Medicine (APM)*, unfortunately contained some mistakes on page 9644 in the second paragraph of the discussion section. Namely, “a total of 134 patients with hyperthyroidism” should be “a total of 184 patients with hyperthyroidism” and “18 of whom were associated with hypercalcemia (accounting for 13.43%)” should be “36 of whom were associated with hypercalcemia (accounting for 19.57%)”.

The related sentence after correction is presented as follows:

“In our study, we observed a total of 184 patients with hyperthyroidism, 36 of whom were associated with hypercalcemia (accounting for 19.57%).”

The authors regret the errors.
