Erratum to: *Ann Joint* 2022;7:35

In the October 2022 issue of *Annals of Joint*, the article “Fixed distal femoral resection with a valgus cutting angle of 3° is more appropriate in intra-articular valgus deformity than juxta-articular valgus deformity in total knee arthroplasty: a retrospective single center study” (doi: [10.21037/aoj-22-8](https://doi.org/10.21037/aoj-22-8)) authored by Dr. Song *et al.* (1) was published with an error in the title.

The title should be corrected as follows:

Fixed distal femoral resection with a valgus cutting angle of 3° is more appropriate in juxta-articular valgus deformity than intra-articular valgus deformity in total knee arthroplasty: a retrospective single center study

The authors regret the error and all inconveniences caused.
