

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/jeccm-21-56	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The multicenter ED clinical deidentified data will be shared, and we discussed the use of qSOFA and SIRS for the outcome among sepsis patients, which can be helpful for clinical practice.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan will be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years within the publication date, since the technique may be updated over time.
7	To whom will you share the data?	Emergency physicians who are interested in studies of sepsis evaluation.
8	For what type of analysis or purpose?	For analysis to evaluate sepsis screening.
9	How or where can the data/documents be obtained?	Emails could be sent to the address below to obtain the shared data: phou@bwh.harvard.edu
10	Any other restrictions?	We may balance the potential benefits and risks for each requests and then provide the data that could be shared.
