

## Data Sharing Statement

<b>Article Info</b>	<a href="https://dx.doi.org/10.21037/jmai-21-28">https://dx.doi.org/10.21037/jmai-21-28</a>	
<b>Item</b>	<b>Question</b>	<b>Authors' Response (place "-" if not applicable)</b>
1	Would you like to share data collected for your study to others?	No
2	If not, would you like to share the reason for your decision?	The dataset generated and/or analyzed during this study is only available to collaborating scientists from University of Florida (UF). The data may be available to researchers who meet the criteria set forth by UF Institutional Data Access/Ethics Committee for access to confidential data and may require additional IRB approval.
3	What data in particular will be shared?	-
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	-
6	When will data availability end?	-
7	To whom will you share the data?	-
8	For what type of analysis or purpose?	-
9	How or where can the data/documents be obtained?	Researchers and scientists interested in obtaining the data for the study should contact lead author.
10	Any other restrictions?	Data may be available to researchers who meet the criteria set forth by UF Institutional Data Access/Ethics Committee and may require additional IRB approval.
