

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/aes-21-23	
Item	Question	Authors' Response (place “-” if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	The EBP knowledge, skills and behavioral data in particular will be shared, and we also found some influencing factors of EBP with knowledge, attitude and practice (KAP) of ophthalmic nursing staffs, which could provide reference for ophthalmic nursing administrators.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis plan and questionnaire collection results will also be shared if requested.
5	When will data availability begin?	From the publication date.
6	When will data availability end?	May be one year or more within the publication date, it depends on how long the research hotspot lasts and the interests of the researcher.
7	To whom will you share the data?	Nursing field and ophthalmic nursing administrators who are interested in studies of EBP.
8	For what type of analysis or purpose?	For analysis to evaluate the influencing factors of EBP with knowledge, attitude and practice (KAP) of ophthalmic nursing staffs .
9	How or where can the data/ documents be obtained?	Emails could be sent to the address below to obtain the shared data: fxmin2016@163.com

10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
