

## Narrative Review Checklist

| Section/Topic              | Item No | Item   | Reported on Page Number/Line Number | Reported on Section/Paragraph |
|----------------------------|---------|--|-------------------------------------|-------------------------------|
| <b>TITLE</b>               |         |  |                                     |                               |
| Title                      | 1       | Identify the report as a Narrative Review or Literature Review.  | Page 1, Line 1                      | title                         |
| <b>ABSTRACT</b>            |         |  |                                     |                               |
| Structured summary         | 2       | Provide a structured summary with the subsections as: Background and Objective, Methods, Key Content and Findings, Conclusions.  | Page 2-3, Lines 38-68               | abstract                      |
| <b>INTRODUCTION</b>        |         |  |                                     |                               |
| Rationale/background       | 3       | Describe the rationale for the review in the context of what is already known.   | Page 4, Line 86-90                  | Paragraph 3                   |
| Objectives                 | 4       | Specify the key question(s) identified for the review topic.   | Page 5, Line 92-94                  | Paragraph 3                   |
| <b>METHODS</b>             |         |  |                                     |                               |
| Research selection         | 5       | Specify the process for identifying the literature search (eg, years considered, language, publication status, study design, and databases of coverage).                           | Page 5, Line 98- 102                | Paragraph 1                   |
| <b>DISCUSSION/ SUMMARY</b> |         |  |                                     |                               |
| Narrative                  | 6       | Discuss: 1) research reviewed including fundamental or key findings, 2) limitations and/or quality of research reviewed, and 3) need for future research.                          | Page 14, Line 294-328               | Paragraph 1                   |
| Summary                    | 7       | Provide an overall interpretation of the narrative review in the context of clinical practice for health professionals, policy development and implementation, or future research. | Page 14, Line 333-336               | Paragraph 1                   |
