

Data Sharing Statement

Article Info	http://dx.doi.org/10.21037/apc-19-50	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes.
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	As this is a retrospective analysis of radiological examinations, additional anonymized images can be provided. Survival data etc. will not be provided as this was not the aim of the study. However, other publications considering the p16-Leiden screening cohort provide this data.
4	Any other documents will be share? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	-
5	When will data availability begin?	From the publication date.
6	When will data availability end?	Two years from publication date.
7	To whom will you share the data?	Radiologists with interest in screening for pancreatic cancer with MRI.
8	For what type of analysis or purpose?	For educational purposes to acquaint one with the imaging presentation of early pancreatic cancer at screening.
9	How or where can the data/documents be obtained?	E-mail request sent to b.boekestijn@lumc.nl .
10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
