

Data Sharing Statement

Article Info	https://dx.doi.org/10.21037/aoe-22-12	
Item	Question	Authors' Response (place "-" if not applicable)
1	Would you like to share data collected for your study to others?	Yes
2	If not, would you like to share the reason for your decision?	-
3	What data in particular will be shared?	We are happy to share data of the survey responses and non-responder characteristics. The full dataset can be shared on request.
4	Any other documents will be shared? Such as study protocol, statistical analysis plan, informed consent form, clinical study report, analytic code.	Statistical analysis can be shared on request
5	When will data availability begin?	At time of publication
6	When will data availability end?	Within two years of the publication date.
7	To whom will you share the data?	Gastroenterologists, surgeons, endoscopists and anyone involved in Barrett's esophagus service development.
8	For what type of analysis or purpose?	The data may be of interest to those seeking to set up their own Barrett's dedicated service or those looking to compare outcomes e.g. dysplasia or neoplasia detection for different units with different services.
9	How or where can the data/ documents be obtained?	Emails should be sent to Elizabeth.ratcliffe@wvl.nhs.uk or Yeng.ang@nca.nhs.uk

10	Any other restrictions?	We may balance the potential benefits and risks for each request and then provide the data that could be shared.
